

AARA Training Day Parks on the Air & Antenna Builds

The AARA will be hosting a training event on April 9th, 2022 where we will dive into Antenna Designs/Theory by Dave Redfern – N4ELM as well as Parks on the Air 101 by Chris Ancelet – N5MCY. We hope that you will join us for a day of education, demonstrations, Q&A, and plenty of laughter. You are encouraged to bring your portable set up for testing and/or demonstration.

If you are new to Parks on the Air, we encourage you to view the excellent website <https://parksontheair.com/> and click on the “Help/Getting Started” tab to get started.

April 9th, 2022 @ 09:00
